## PROFILE

I have completed my Bachelor of Computer Applications (BCA) in 2025. I am also working as a web Development intern, gaining hands-on experience in designing and building websites. I have always been passionate about technology and coding, which led me to pursue BCA and explore web development. During my internship, I have been learning and working with technologies like HTML, CSS, JavaScript.

## WORK EXPERIENCE

### Web Development Intern

- Hindsol Software Private Limited  
Siswa Babatpur Varanasi

### Project: Hospital Management System

- **Description:** Developed a web-based application to manage hospital operations including appointment scheduling, patient records, and doctor management. Technologies Used: HTML, CSS, JavaScript

### Key Features:

- Patient registration and login
- Doctor appointment booking system
- Admin panel to manage doctors and patients
- Responsive and user-friendly interface

### Tools

- Vs Code
- Canva
